## AMERICA'S CUP 36

### AC75 Procedure for Compliance 003 of AC75 Class Rule Version 1.2 issued 10 December 2018

This document is a procedure issued by the 36<sup>th</sup> America's Cup Rules Committee, as such, it may be amended at any time, in part or in full, to reflect improvements, clarifications, class rule amendments, or any other reason the Rules Committee deems appropriate. In reading this procedure AC75 Class Rule 2 and the definitions shall apply.

Rule Reference:

Rule section 6.

Procedure Annotation:

According to Rules 6.13 and 34.1 the **Rules Committee** hereby specifies the following procedure:

- For each category **Competitors** must supply a compiled list of material batches used to manufacture the components in such category as well as a list of manufactured components within the category. See attached spreadsheet template for reference of the required information.
- For each material used, **Competitors** must submit a copy of the related certificate of conformity (C of C) traceable to that material batch.
- **Competitors** must sign a Declaration (template below) for each category used to build components.

The above documentation should be submitted no later than 100 days after the component was first installed in accordance with Rule 5.5.

The **Measurement Committee** will process the documentation and issue the relevant letter of compliance upon satisfactory review of the documentation.

END  
AC75 Rules Committee
